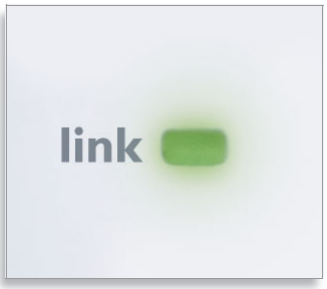
Highlights

Guaranteed zero interference

Guarantees zero interference from any other device (other baby monitors, cordless phones and mobile phones). Provides a secure and private connection using data encryption. You will be the only one who can hear your baby and you will only hear your own baby.

Digital signal confirmation



Indicates a continuous connection between the baby and the parent unit with visible and audible link indicators.

Sound level lights

Uses lights to indicate if the baby makes a noise, even with volume off.

Travel pouch

Travel pouch protects units while travelling

Belt clip and neck cord

The belt clip and neck cord provide hands-free convenience and mobility: clip the parent unit to your belt or wear it around your neck.

Small, mobile parent unit

Allows you to freely roam around the house due to the small size, but still hear when your baby needs you.

With a range up to 300 m

With a range up to 300 m, you are ensured a secure reception in and around the house.

Starry night-light

Nightlight with soothing stars to comfort your baby.
